Re: Finding on concern by Chris Larson re. Darrell Bruning

Chris Larson raised the concern to the CMC that Darrell Bruning has engaged in chauvinism, character assassination and smearing of her good name.

The CMC researched whether this concern is factual and deliberated on our research. The CMC found that this concern raised about Darrell Bruning is ungrounded.

The concern has been spread to various members of the congregation, casting undeserved doubt upon the character of Darrell Bruning.

Sincerely,

Tiny Anderson, Chair of CMC
