The Fellowship is deeply grateful for your continued support. Generous giving enables us to carry out our mission of service, spiritual growth, and caring fellowship.

I commit toward maintaining ministry and will make an additional ONE-TIME donation in the amount of \$ _____. I am enclosing that amount or will make a payment in _____.

It's once again time for our annual stewardship drive. This year we are "**Mission Possible!**" We have set a lofty goal of increasing pledges by an extra 15% to pay for ministry. Can you be a Sustaining Member giving 5% of your income to the Fellowship? While we know not everyone can afford this much, we are encouraging you to increase last year's pledge. Can't afford an extra 15%? Any increase in your pledge brings us closer to maintaining a UU Minister and not drawing from our savings.

You can also help us maintain a UU Minister by making a ONE-TIME commitment in addition to your pledge. No amount is too small.

About the 2020 – 2021 Pledge Guide

There are four major columns:

Adjusted Gross Annual Income on the left,
Helping which is 1% of your income,
Supporting which is 3 % of your annual income, and
Sustaining which is 5% of your annual income.

Within the right three columns there are three smaller columns:

Expenses. This pledge covers the cost of keeping the lights on and paying for our programs.
Ministry. This amount is 15% of the expenses pledge and adds extra funds that help to maintain ministry.
Without these funds, having on going ministry is impossible.
Total Pledge. This is the amount you will give each month.

Here's how to use your pledge guide:

1. Select your income from the column on the left.
2. Decide which level of support you can afford to provide.
3. Find where your income and level of support cross and you will see the pledge you will make.
